**OPEN FORUM**

**Village Housing Initiative**-a parishioner raised concerns that the Parish Council had supported the wrong plans for the scheme. She feels her concerns were similarly felt by the RYDA, the Environment Group, the neighbours and a significant number of people in the village.

Another parishioner, whilst understanding that a change in course could jeopardise the scheme, referred to complaints in the community about the lack of information which could lead to difficulties in being able to promote another scheme. The same design team used for Bishops Court were involved which was something the Parish Council needed to consider. He did however feel that it was important for the scheme to proceed.

Another parishioner raised a query regarding the length of time the Parish Council was taking to respond to his correspondence. The Parishioner was advised that the Parish Council as a whole needed to agree the response to be made.

**Extension of the Conservation Area**- a parishioner who had formed part of the original working group offered assistance.

**Pope's Quay**- the landlady of the Swan Inn addressed the Council on the proposed Salsa Event for Pope's Quay which had been due to take place the following Sunday. The event had been postponed as a result of a parishioner raising a complaint with the Parish Council about the proposed event and in respect of licensing issues. It was suggested that the landlady write to both the Parish Council and the RYHA providing dates and details which could then be considered.

**Statement of Community Involvement-** it was agreed that the Clerk would complete the survey on the basis that there should be as much community involvement as possible.

**149.3 The Inaugural Community Oil Buying Group Panoply –** notification of the event and the potential for oil buying groups had been circulated to the Parish Database and had appeared in “the Nose”. **149.4 Sevenstones, Newton Hill 37/0774/11/F –**a letter from the applicant was considered. It was agreed the **Clerk** would send a letter to the applicant, to be approved by the Chairman, referring to the fact that the Council did not normally comment on their decisions made with respect to planning applications. The Parish Council had noted comparisons made between their decision to support the application made to redevelop the Co operative Store and the application made in respect of “Sevenstones”. The application made in respect of “Sevenstones” had been made in respect of a private development on behalf of an individual. The Co operative planning application had been supported as it would be providing a village amenity.

#### **150/11 ADMINISTRATION**

**150.1 Planning Meetings-** the procedures for the Meetings and methods used to deal with planning applications were reviewed. It was agreed that two Meetings per month should continue, with the second Meeting concentrating on planning. A suggestion was made that plans could be viewed on a lap top at the Meeting. Reference was made to the architect for Point Bungalow wishing to give a presentation on the proposed development. It was agreed that this should take place in Open Forum at a future Meeting- the RYDA and Parish Database were to be made aware.

**i) Conservation Area-**consideration was given to whether to form a working group and its scope and focus. Reference was made to its original purpose being to protect Bridgend. The SHDC Conservation Officer had suggested that it would have to protect the whole area at water level. Mr. John Prosser had undertaken some work in this respect- the **Chairman** would speak with him and report back.

**ii) Listed Buildings-** reference was made to the Conservation Area Appraisal referring to buildings in the Parish which made a significant and positive impact on the area. date of the election to fill the vacancies. If it was not believed that this could be accomplished within the timescale, then it would be necessary to advise the Returning Officer at SHDC as such setting out the action undertaken by the Parish Council to fill the vacancies. It was suggested that the summer period would not be an appropriate time in which to try to fill the vacancies. It was agreed that the closing date for applications would be given as 31 July 2011, the applications being determined at the Meeting on 8 September. It was agreed that the **Clerk** would notify the Returning Officer of the action to be undertaken. **Agenda September.**
